Summary

Full Stack Developer with hands-on experience building scalable web applications using Python, Django, Django REST Framework, React.js, and JavaScript. Demonstrated leadership as a four-time Class Representative, with strong proficiency in Python, Django, Django REST Framework, JavaScript, and React.js. Passionate about building scalable web applications, solving real-world problems, and continuously learning modern technologies. Seeking an entry-level Full-Stack Developer or Backend Developer position where I can contribute my technical skills while growing in a collaborative development environment.

Experience
